Connectis

Reimagining the digital future

Your digital transformation partner

Connectis is part of Getronics Group, a global ICT integrator headquartered in the Netherlands, with an extensive history that extends over 130 years. We guide our customers through their own transformation journeys, leveraging an integrated and secure-by-design IT portfolio with a unique focus on enhancing the digital experience.

Getronics Group is the leading and founding member of the Global Workspace Alliance (GWA). Together with our partners, we support our customers in over 180 countries, offering one single point of ownership, end to end visibility and accountability for the services we deliver.

Underpinned by Connectis Global Service Delivery Model

GWA Alliance Partners have a pre-agreed operating model to ensure one seamless experience across the world.

"We've been working with the GWA for several years now and we are always satisfied with their ability to work as a single entity. We are running global IT operations located in Europe, Middle East and APAC [and] we look forward to continue working with GWA members Connectis and SPIE, taking the new challenges of INSEAD's IT for the benefit of our organisation, students, and prospects."

Alexandre Papadopoulos, Head of IT Operations & Infrastructure, INSEAD

Customer success stories

YOUR LONDON AIRPORT *Gatwick*

Business Challenge

Gatwick needed to transform its IT in line with the airport's main objective of providing a world-class customer experience for its passengers.

How we helped

Connectis overhauled Gatwick's Service Desk, making significant improvements in the way the service was delivered, and transitioned 93 critical airport operational applications from India.

"Connectis demonstrated all the values we were looking for in a services provider – a superior level of leadership and ability, as well as an energetic and agile team that felt like an extension of our business, rather than a third-party supplier." – **Anthony Lamoureux**, Head of IT Service Delivery, Gatwick Airport.

ZIELPULS

Business Challenge

Zielpuls needed an ICT partner to support its fast-growing business and to equip the company with the necessary future-proof IT tools to enable working anytime and anywhere.

How we helped

Connectis developed a solution based on the Microsoft Azure Cloud and Office365 Services. The platform contains a fully working back office, accessible 24/7, designed, operated and managed by Getronics

"We at Zielpuls are convinced that Connectis' cutting-edge solution will allow us to reinforce our services while remaining a trustworthy and innovative partner for companies in technically highly innovative industries for the years to come." - **Ilja Stucken**, Managing Partner, Zielpuls

THE PENINSULA HOTELS

Business Challenge

Peninsula sought a partner that had demonstrable experience as a Systems Integrator in the hospitality sector to improve the efficiency of its digital operations and, in the process, enhance the experience of its customers.

How we helped

Connectis deployed a highly reliable network and Unified Communication and Connectivity solution for both guests and staff, followed by continuous monitoring and support services.

"We have a really strong relationship with Connectis, our systems integrator, which has seamlessly provided crucial voice and data services since the hotel was built in 2012. Connectis is a true partner of our digital operations. We work collaboratively and adopt a team-based approach, which ensures all critical admin and guest services are running, and therefore ensures the success of the hotel." - **Hervé Philippoteaux**, IT Manager, The Peninsula Paris
